for Good

babele
CREATE TOGETHER

🌱 Babele is FOR:

STUDENTS

Create, debate, experiment and develop new projects in a collaborative way – acquiring the behaviours that make them more successful.

UNIVERSITIES

Create an ecosystem for the development of innovative solutions. Facilitate peer-to-peer learning, knowledge transfer and community engagement.

MENTORS

Discover innovative projects and participate by submitting ideas, giving feedback and contributing with their unique skills to their deployment.

babele
CREATE TOGETHER

How it works – Students

CREATE

Structure ideas into a clear strategy by following an easy to use step-by-step planning framework.

TEAMBUILD

Quickly assemble a team of supporters, partners or mentors, and collaborate in the refinement of the project proposed.

REFINE & GROW

Get feedback from other students, professors and experts, learn and iterate faster thanks to the network effect

About

Following much controversy and an endorsement in the Detroit Works Project's Future City Framework, passionate urban farmers in Detroit are now protected by the City's urban agriculture ordinance, passed in April of 2013.

CREATE TOGETHER

Mentors & Experts

Engage external communities to work together with students and professors.

- Grow your community with our network of 4000 experts and citizens coming from 82 countries.

- Attract stakeholder that can create added value previously unobtainable in the conception stage.

CREATE TOGETHER

Some of our Partners

CBS COPENHAGEN BUSINESS SCHOOL

We host CBS' MOOC on Social Entrepreneurship, with attendees from 45 countries. A community in the platform gathers the ecosystem of actors who participate in the mentoring process of the social entrepreneurs that take part in the online course.

ASVI Social Change

Italian University specialized in Social Entrepreneurship. We host their courses on social business modeling, to increase the peer-review between students, collaboration, sharing of best practices and lean validation.

OUISHARE

Global community and think–tank to build and nurture a collaborative society by connecting people, organizations and ideas. We host their accelerator program for startups in the sharing economy.
